July 13, 2020

Dear Anchor and Campbell families,

During the fall 2020 semester, Anchor Lutheran School will not be servicing or transporting the students from Campbell Elementary School for our Before & After School / Child Watch Program. This also applies to all non Anchor Lutheran School students who attend our Child Watch Program during various ASD school closures. We will continue to provide our Before & After School / Child Watch Program to Anchor Lutheran students only.

This decision was made based on current municipal mandates and restrictions regarding COVID-19 and in an effort to help eliminate any potential transmission between the two schools.

Anchor will be reassessing our Before & After School / Child Watch Program as it gets closer to the end of the first semester. We will notify all Anchor and Campbell families regarding our plans for the 2nd semester, no later than December 18, 2020.

Anchor has been grateful for the opportunity to have served the families of Campbell Elementary for so many years in our Before & After School / Child Watch Program and for the relationships that have been built between our students and families. We are hopeful that we will be able to resume transportation and care for your students in the future.

If you have any questions or concerns, please let us know! You may call the school office at (907) 522-3636 or email [office@alsalaska.org](mailto:office@alsalaska.org)

Blessings,

Whitney Gobbi & Dora Sigurdson

Early Childhood Director & ALS Board President
