

## Parking Lot Traffic Flow Procedures

For the safety of all students and drivers, we ask families of all our PS-8 students to abide by the following traffic flow guidelines. Each detail is very important.

- \* Traffic flows **counterclockwise** through the parking lot's main loop. When leaving, continue the loop - don't go back the way you came.
- \* When dropping students off in the morning **and** picking students up in the afternoon, **park in a stall**. There is **no drive-by drop-off or pick-up allowed**.
- \* Please take note of the parking reserved for **handicapped needs**. The spots are clearly marked and visible. We ask that you **not** park in any of those stalls unless you physically require them. Thank you for your cooperation.
- \* There are **two designated parking spots** for **Anchor's Bus and Van**. Please do not park in these two spots.
- \* Finally, at all times, drive **attentively** and **slowly** when proceeding through the parking lot. Watch for other cars and especially **watch for children**.

## Drop-Off Procedures

- \* Please park and have 1 adult escort their student(s) to the front of the building.
- \* You will be met by a staff member to be screened for entrance. Parents, please be ready to answer our 3 screening questions. If there is a line please practice social distancing.
- \* All students must wear a mask to enter the building.
- \* Portable students (6th/Jr.High) will be screened at their classroom doors. *Do not enter the main building.*

## Pick-Up Procedures

- \* Upon entering the parking lot, we ask that you please park only in the middle section of the parking lot facing Arctic Blvd. **This includes 6th/Jr. High students.**
- \* As you pull in students will be called out and escorted to your vehicle.
- \* Once all students are in your vehicle you may safely pull through your parking space and exit the parking lot.
- \* Please DO NOT BACK OUT - pull straight through. (See diagram below.)
